

## Water Cycle (Paperback)

---

By Frances Purslow

Weigl Educational Publishers Limited, Canada, 2011.  
Paperback. Book Condition: New. 260 x 190 mm. Language: English . Brand New Book. Water is the only element that can be a gas, a liquid, or a solid in our atmosphere, and it is necessary for life on Earth. Life is able to thrive in most areas of Earth because the water cycle carries water all around the globe. The Water Science series is dedicated to inspiring young readers with a lifelong curiosity about science and the world. Each book covers a core component of the water cycle through visual diagrams, hands-on experiments, and compelling biographies. Young readers are guided through the science of water with engaging and accessible language.
