material testing and testing technology

By MA XIAO E

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment.Pages Number: 395 Publisher: China Electric Power Press Pub. Date :2008-03. book for the general higher education Eleventh Five-Year Plan materials. The main contents include: experimental methods. materials science-based experiments. materials testing technology experiments. polymer physics. polymer chemistry experiments. powder engineering experiments. experimental thermal and fluid processes. technology and performance test of cement. glass. and performance test. Experimental technology and performance ceramics. concrete and building materials technology and performance of new experiments and comprehensive and designed experiments and so on. The book according to materials science and engineering features. combined with research and production need to select the experiment. the test project. in conjunction with the preparation of the laboratory building. Book by the scientific experimental method. the correct course of action. coupled with sound recording and data processing and analysis optimization. training students in practical ability. the ability to think and analyze problems. to improve their overall quality and innovation. This book primarily as Undergraduate Materials Science and Engineering Experiment materials are also available for teachers and other professional engineering and technical personnel for reference. More Contents: Introduction...

Reviews

Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.
-- Annette Boyle

This is basically the very best book i have read right up until now. It is definitely simplistic but excitement in the 50 % from the ebook. Your daily life period will likely be transform as soon as you total reading this article pdf.
